

Guidance sheet (please see test data sheet for further information)

Material ref AR019

White/Translucent Natural Nylon 6

Abrasion resistant, high tensile and compressive strength, low friction, self-lubricating, ageing resistant and weatherproof.

White Nylon is an excellent material for washers for glazing and its flexibility and linear rigidity makes it ideal for high torque applications.

Washers available in many sizes, 1mm, 1.5mm and 2mm thick

Delivery

95% of products are despatched within 24 hours of receiving order (exception: self adhesive solid neoprene strip, 3 to 5 working days). If orders are required by a specific deadline please email or phone prior placing your order for definite delivery date.

Material samples are available by request and specific questions can be asked via email:
